Starters: Watch the line from #4 through #5. Make sure you push your dog out far enough to get a good approach to the triple.

Advanced: Watch the line from #4 through #5. Make sure you push your dog out far enough to get a good approach to the triple. Your dog will pick up a lot of speed in the series of jumps. Getting to the far tunnel entrance at #7 will be a challenge. Try treating #8-#10 as a serpentine. If you can send your dog to the #12 tunnel, you'll be in a better position to pick him up on the landing side of #13 for the push over #14.

Masters: This is the original course Janet designed, with a tweak to #2. Jumps #7-#9 are a hi-speed serpentine off a triple.
